NUMBER 43

VOTERS TO HEAR SINNOT SATURDAY

CONGRESSMAN TO WIND UP CAMPAIGN AT DREAMLAND PICTURE PROGRAM.

WILL ANALYSE THE ISSUE

Biggest Political Meeting Ever Held in Ontario Planned by Republicans in Final Drive.

Preparing for the biggest political rally of the campaigning the republican central committee is at work on the reception to be accorded Hon. N. J. Sinnott, representative from this district who will speak on the issue of the day at Dreamland theatre Saturday evening.

Preceding the address the usual campaign features will be introduced. Music and enthusiasm will be on tap and, best of all, the voters will have an opportunity to learn the truth about conditions leading up to the grave situation in which the nation has been placed during the past two years.

Congressman Sinnott has been on the ground at Washington. He is in a position to know the facts, and that is what the voters want, and that is all. No matter what may be the opinions held by any voter in Malheur county Representative Sinnott's address will be both instructive and illuminating.

With the closing week of the campaign the confidence of the Malheur county republicans has steadily increased. According to members of the committee as well as the candidates: "It is all over but the shouting." In spite of the strenuous efforts of the democrats to disrupt the republican ranks the few former republicans who "have fallen" for the "He kept us out of war," sophistry, are so few that they demonstrate the positive strength of the party ranks. To every republican deserter to the ranks of the enemy, the republican leaders can point a former democrat who places the nation's welfare above party advantage and will vote for Hughes in preference to the present incumbent of the White House.

Democrat Money Covered.
The local democrats were somewhat elated early in the week by the report that \$1000 of their money was not being covered by any of the local republicans. They are no longer shouting about it now for the wage was taken and offers were out for more, but no more democratic money appeared.

BRICHOUX SENTENCED FOR LIFE IN PRISON

Jury Deliberates But Short Time—No Emotion Evidenced at Verdict or Sentence

Speedy justice was meted out to D. C. Brichoux, the self confessed slayer of R. C. Goodwin. The jury which heard the evidence was given the case last Friday noon and in a short time after but one ballot, so it is reported, returned a verdict of "guilty as charged." No emotional scenes attended the return of the jury's findings. Brichoux never even registered surprise.

On Monday Judge Dalton Biggs, before whom the case was tried passed sentence sending the condemned man to prison for life. Sheriff Ben Brown took him to Salem Monday evening. Thus closed one of the most tragic episodes in recent Malheur county history.

Goodwin's brother who came from Tennessee to assist in prosecuting the case returned to his home Monday night declaring that Oregon justice is swift and sure.

William Jones of Juntura arrived in Ontario Wednesday with two carloads of cattle which he sold to Baker Ball who left with them Wednesday evening for Omaha. This is the last of the big cattle shipments to go from the Jones Land and Livestock company ranches this fall. According to Mr. Jones the country about Juntura is enjoying its share of prosperity.

HUGHES WILL WIN.
Col. George Harvey, editor of the North American Review, whose political predictions have established him as the most dependable prognosticator says Charles Evans Hughes will be the next president. This prediction will appear in his publication next Monday, advance notices of which have been given the press.
Four years ago Col. Harvey missed only one state in his forecast while eight and 12 years ago he presaged the results almost as accurately.
This year he says Hughes is certain of 269 electoral votes and Wilson is sure of 149. Col. Harvey assigns 50 votes to the doubtful columns and adds that he believes Hughes will secure the 53 votes not accounted for in the above figures. This according to his prediction will be the final vote of the electoral college Hughes 332; Wilson 199.

LOCALS OVERWHELM NAMPA ON SATURDAY

BY SCORE OF 53 TO 3 LOCALS CRASE PREVIOUS DEFEAT—READY FOR WEISER.

VISITING TEAM IS OUTCLASSED

Without Service of Maddux Locals Pile Up Big Scores in Opening Quarter and Come Back Strong at Finish.

Completely outclassed in every department of the game the Nampa high school football team fell before Ontario at the Fair grounds last Saturday by a 53 to 3 score. Not once did the visitors come close to a touchdown.

Bad as the score was it might have been worse. The locals demonstrated they had the power to score at will but having secured a comfortable margin in the first period they loafed in the second and third sessions. In the second period, taking advantage of the local listlessness the visitors captured a forward pass on the local 30 yard line and Forch then dropped a neat kick over the bars for Nampa's only score.

In the last quarter Coach Culbertson sent Captain Maddux into the game and with him Art Moore who had been laid out temporarily and these two injected enough pep into the team to increase the score from 30 to 53 before the final whistle. When the end came the ball was in Ontario's possession on the one yard line.

The game started with Ontario receiving the kick off. Holland surprised the Nampa team with six yards thru center which was followed by a 45 yard run by Christensen around the end, the first of many long gains by him to establish his right to the stellar honors of the day. His run made the first touchdown which Husted quickly converted into a goal making the score, Ontario 7, Nampa 0. Runs by Husted, Holland and Christensen added three more touchdowns during the quarter; Holland made one and Christensen the others. Husted made all the goals save one.

Early in the third period Art Moore was laid out and Pinney took his place in adequate style. In this period, too, Cronin took McCulloch's place.

Save for the brace taken by Nampa in the third period and Forch's drop kick the remainder of the game was a procession for Ontario.

Nampa Threatens to Leave Field.
In the third period, too, Nampa threatened to leave the field when Referee Gagey penalized them 45 yards for "sassing" him. The matter, however, was adjusted and the game proceeded.

Shortly before the close of the game Forch who was doing good work for Nampa ran into Lee Maddux and was taken out of the game. He came to about an hour after the game ended.

Getting Ready for Weiser.
To get a line out the local team a number of Weiser players with

(Continued on page eight)

CHARLES EVANS HUGHES.

Vote Your Convictions on Tuesday Consider the Candidates Carefully Read Initiative Measures Thoroughly

Next Tuesday the voters of Malheur county will settle a number of important questions. Aside from registering their decision on national questions the will determine in whose hands they will place the business of the county for the next four years. In the interest of securing a real decision on this question the Argus asks its readers to consider the merit of the candidates on the Republican ticket, with one exception.

For County Clerk—V. B. Staples.

To start with the Argus believes that in V. B. Staples, the republican voters at the primaries registered their choice for a most capable man. Altho the writer has been in the county but a short time this has been long enough to secure the esteem in which his neighbors hold Mr. Staples, and no man could ask for a higher recommendation than that which Mr. Staples' neighbors give him.

We believe that Mr. Staples is eminently capable of filling the office to which he aspires. He has had the business experience necessary; furthermore that experience covers a wide field. During his eighteen years in the county he has been business man, rancher and a governmental official. In each capacity he has made a success. His record together with his character and standing in the community are sufficient to guarantee that in his election Malheur county will have an efficient officer in the county clerk's office.

County Treasurer—C. C. Mueller.

C. C. Mueller, the nominee for county treasurer, like Mr. Staples is a man of wide business experience and high personal standing in the community. Prior to his residence in the county he was engaged in the banking business and since coming to the county has been an abstractor and real estate man. He is conversant with the needs of the county and in his business training has secured the kind of experience necessary to successfully conduct the duties of the treasurer's office.

School Superintendent—Estella Conkila.

With six years of active work in the schools of this state and many years of close association with the growth of education in Malheur county, all founded on excellent preparation for the teachers' profession, Mrs. Estella Conkila, who is seeking the office of school superintendent is eminently qualified to fill the place. The manner in which her friends are coming to her assistance, while she has quietly attended to the duties of her school is a fitting mark of the

esteem in which she is held by those who know her and are in a position to judge her ability. Her election will assure the people of Malheur county that the schools will keep abreast of the times and serve the needs of the community.

For District Attorney—R. M. Duncan.

For the office of district attorney the Republican nominee is practically a native son. Since coming to the county Mr. R. M. Duncan, the nominee has met with success in his profession and has served as deputy prosecuting attorney and thus familiarized himself with the work of that official. Following a liberal education he prepared for the law and thru several years of practice he has attained the experience necessary to meet the requirements of the position.

For Sheriff—Emory Cole.

Emory Cole the republican candidate for sheriff is an old timer in the county. For years he has been a rancher in the upper valley and is well acquainted thruout the county. For some time too, he served as deputy assessor so is familiar with ramifications of the district he desires to serve.

The Representatives.

It may be needless to comment on the merits of Julien Hurley and Charles M. Crandall the candidates for senator and representative respectively. Neither of these men have opposition. Their assured election will give Malheur county recognition in the state lawmaking bodies for they each combine experience with discretion.

For Assessor—Morgan Carlile—Democrat.

In view of the manifest dissatisfaction on the part of citizens from all parts of the county, and in view of the marked inequalities, many of which cannot be explained on other grounds than that the present assessor either is incapable of filling the office, or is determined to vent his spite on individuals and promote socialistic ideas. The Argus cannot support the candidacy of the party nominee, and therefore it believes that the best interests of the county will be served by the election of Morgan Carlile the democratic candidate.

County Engineer.

The Argus has had no opportunity to form an opinion as to the relative merits of the contestants for this office. They may both be eminently fitted for the position, and the Argus hopes they are for the duties of the office need the abilities of a well

DEMOCRATS FOR HUGHES

The National Hughes Alliance which is composed of citizens from all parties who believe in the policies advocated by Chas. E. Hughes, make the following report as of October 23rd, of the members of such alliance who have expressed their choice as shown by the tabulation of that date, of those who voted for Wilson in 1912, and who are now for Hughes, the following states show the following percentages: California 26 per cent, Wisconsin 25, Texas 25, Maryland 24, Oregon 20, Oklahoma 18, Minnesota 18, New Jersey 16, Connecticut 16, Nebraska 15, and so on through every state of the union, all of which indicates that the American people are waking up and taking their stand for those national policies that have made us rightfully prosperous, and ever ready to uphold the honor of county at home and abroad, by protecting the lives, property and liberty of our citizens.

BIG BOOST COMES TO ONTARIO'S SALE DAY

REPRESENTATIVES OF GREAT HORSE BUYERS ANNOUNCE SALES WILL BE ATTENDED.

SECOND SALE GREAT SUCCESS

Miller & Dickens of Caldwell New Auctioneers Secured by Manager Wheelon Conduct Sale.

Demonstrating the fact that, tho but two months old, Ontario's Traders' Day has already established itself in the business world comes the announcement that representatives of some of the largest horse buying firms of the west have instructed their agents to attend these sales regularly. Their presence here in the future depends upon but one condition; namely, the ability of the local horse men to produce the class of animals these companies desire.

At the second monthly sales day, held last Saturday, J. D. Blasby, of Hollis & Platt of Denver, was present and he said that he would attend every sale in the future and was in the market for marketable horses. Mr. Blasby made his announcement after witnessing the successful sale here Saturday. Miller & Dickens, who have been secured to cry the sales in the future made their first appearance here at a Traders' Day and justified the reputation they have secured as the best auctioneers in the west.

The feature of the sale Saturday, which brought to Ontario the largest Saturday crowd in years, was the quality of the stock offered for sale. The prices secured elicited many favorable comments both from buyers and sellers. As in the case of the first sale many of those present expressed their determination to return to the next sale.

Another demonstration that the sale is attracting people from a distance to Ontario was the presence here of John Cope of John Day who came to view the character of the stock offered. There were, also, a number of buyers, as well as men who had stock to sell from Idaho. One party of three came from a distance above New Plymouth. Nyssa, Vale and interior points were represented in the crowd.

As the result of the sale Manager Wheelon is convinced that the sale is a "real go," and that each successive sale will increase both the number of buyers as well as those who have stock and farm equipment for sale.

trained and efficient man who will, while building roads and bridges keep in mind the length of the taxpayers pocket books.

Pete Duford of the Ontario Auto company has renewed his contract for the agency of the Overland car and on a trip to Boise last week arranged for an early shipment of that popular pleasure vehicle.

ALL ABOARD FOR BIG EXCURSION

BOISE TO SEND DELEGATION WITH ONTARIANS ON TRIP TO BUTTE SUNDAY.

TO SEE HARNEY VALLEY

Burns Commercial Club Sends Word That Autos Will Take Crowd from Crane—Crane to Serve Duck Dinner.

For just \$2 Ontario citizens who board the big booster excursion Sunday morning at 7 a. m. will get a rail trip of 260 miles, an auto ride of 60 miles, a lunch at Crane, a banquet at Burns and a duck dinner at Crane in the evening. In these days of the HCL this is the biggest bargain ever offered. In fact it is cheaper to go than to stay at home. This especially true when the good time, the fine trip and the music is all thrown in. According to advance information at least 300 people will be on board the train.

Just to demonstrate what Boise thinks of the trip, the secretary of the Commercial club there has asked that his organization be invited to join and inform Ontario that Boise was planning such a trip for itself. The local committee told Boise to add a delegation but not to send too many for the Burns people were not prepared to entertain all of Idaho as well as Ontario.

P. J. Gallagher, chairman of the committee in charge received word from Burns this week that the Commercial club there would have autos at Crane to take the excursionist over the Harney valley to Burns and back to Crane. He also outlined a trip over the valley as part of the program and a banquet thrown in.

On top of this came advice from Crane that the boosters there would provide a lunch when the train arrived and would have a duck dinner ready for the hungry guest on the return from Burns. This makes three meals, a rail trip and an auto ride all for two bones.

Those who want tickets for the trip should get busy immediately. Provision will be made for at least 300 and since a number are coming from Payette and Fruitland it behooves Ontario to make a real showing by having a big crowd on hand. The train will leave Ontario at 7 a. m. and will leave Crane for the return trip at 7 o'clock. It will be some day.

COUNTY COURT TO SURVEY NEW ROAD

Committee Waits on Court and Idaho Highway Commissioner Gives Assurance of Co-operation.

J. R. Blackaby, representing the Ontario Commercial club and J. P. Wood of Homedale, representing the people of that region called on the members of the county court Wednesday and presented a request that a road be built up Succor creek so that direct connection can be secured by Homedale, Nyssa and Ontario with the road from Jordan Valley.

The court met the request of the committee favorably and said that it would order a survey, plans and estimates for the road prepared so that work could start in the spring. Mr. Wood told the court of the promises of the Idaho state highway commissioners to bridge the Snake river at Homedale if the Oregon authorities would take up the work at that point. The Idaho officials have asked for a conference with the local authorities to complete plans for the road.

CONTRACTORS BEGIN EXTENSIVE RENOVATIONS

Contractors Harry Williams and E. J. Hagen started work this week tearing down the brick work and removing the fronts on the buildings on Oregon street belonging to Dave Wilson of Spokane. After completing that portion of the work they will start building new brick fronts and remodeling the entrances to the various store rooms.
